A Green Oasis

Alkaff Oasis, the second project under HDB’s Bidadari Masterplan, is situated at the junction between Bidadari Park Drive and Alkaff Crescent.

Alkaff Oasis is designed to create an oasis where stretches of green spaces fuse landscape to the blocks and connect nature to people. The development consists of 16 residential blocks arranged along the periphery of the site.

Sky Terraces and roof gardens located above the multi-storey car parks are open to the public.

You can find a home that suits your needs from a total of 1,594 units offering 2-room Flexi, 3-, 4-, 5-room, and 3Gen Flats. Please refer to the site plan to look at the facilities Alkaff Oasis will have.
Important Notes

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/facilities (such as childcare centres, elderly-related facilities, education centres, residents’ committee centres and day activity centres), commercial facilities (such as shops and eating houses), mechanical and electrical rooms and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks or stand-alone community buildings.

To facilitate your flat selection, we have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans in this brochure. As the information provided is based on the current planning intent of the relevant government agencies, they are indicative only and are subject to review from time to time.
Eco-Friendly Living
To encourage a green lifestyle, Alkaff Oasis will have several eco-friendly features:

- Separate chutes for recyclable waste
- Motion sensor controlled energy efficient lighting at staircases to reduce energy consumption
- Regenerative lifts to reduce energy consumption
- Eco-pedestals in bathrooms to encourage water conservation
- Bicycle stands to encourage cycling as an environmentally friendly form of transport
- Facilitate the Car-sharing scheme by making parking spaces available for shared cars
- Use of sustainable and recycled products in the development
- Pneumatic Waste Conveyance System to provide cleaner waste disposal

Lovely Homes
Alkaff Oasis offers 2-room Flexi, 3-, 4-, 5-room, and 3Gen flats. The 2-room Flexi flats will come in 2 sizes: 36 sqm and 45 sqm and are available either on a 99-year or short-lease.

Each 2-room Flexi flat will come with floor finishes in the kitchen, household shelter and bathroom. Wall tiles will also be provided in the bathroom and kitchen. These flats will come with a sliding partition/door for the bedroom and folding bathroom door. As the 2-room Flexi flats on short leases are meant for the elderly, they will be fitted with grab bars.

The 3-, 4-, and 5-room flats will come with floor finishes in the kitchen, household shelter, service yard, and bathrooms. Wall tiles will also be provided in the bathroom and kitchen.

All new HDB flats have Universal Design features such as wider corridors, ramps instead of steps to allow for ageing in place.

Optional Component Scheme
The Optional Component Scheme provides convenience for our buyers, and is offered on an opt-in basis. Please refer to the attached Optional Component Scheme leaflets for details.

The cost of the optional components will be added to the selling price of the flat.
Applicants are encouraged to visit the place before booking a flat.
